ATTENTION PARENTS/GUARDIANS

Providing treatment to children is a partnership with the parent/caregiver and the Mental Health Professional

We expect that the parent/caregiver will:

- Keep scheduled appointments or call to cancel and reschedule
- Participate in developing the Individualized Treatment Plan
- Maintain contact with the therapist weekly and meet face to face monthly or as agreed

Children cannot be treated without parental/guardian participation

- If three (3) appointments in a row are missed without contacting the Mental Health provider or secretary, the client's case may be closed.
- If parent/guardian does not participate, the case may be closed.

I agree to participate and bring _____ to all
